Yes, i'm sure you must be really sorry, it's
not like this meant a lot to me, or anything,
yeah, you know. apologizing
never really fixes anything, so,
thanks for the apology, yeah,
it took almost 2% of my
family's inheritance to set
this whole thing up, so,
i'm sure it can be
solved with more
apologies, right,
i already knew
you were pretty
careless but i thought
i'd invite you to my
race anyway, because
i like including all species,
i mean, i treat everyone
equally, rabbits included, and it's a
shame i couldn't
trust you to not
be late, am
