TIGERS AND ZEBRAS

A black and white photograph of a dense, tangled mass of dry grass or straw, creating a complex, chaotic texture. Overlaid on the top left of the image is a handwritten-style text in a cursive script that reads: "Tigers and zebras do not co-exist. They would never meet." The text is written in a light color, possibly white or light gray, against the darker background of the grass. The overall composition is abstract and visually busy.
